

Consolidated Errata for Miracle on the Marne

The special unit designators got dropped at press (somehow). The two IV RES units marked 7-5-6 are the Lepel (L) units. The Moroccan units are two of the IX marked 8-4-6 and the one marked 2-2-4.

The British I Corp units should be back printed 3-3-6.

The III Corp location next to the IV RES on the map should be II Corp.

HQ Movement: HQ units simply move with whatever unit they are stacked with at that unit's rate. If not stacked with a unit or moving separately, they have a movement rate of 8.
